NOOR JOURNEY

നൂർ ജേർണി • Islamic Learning & Madrasa Companion

ENTERPRISE CLIENT EDITION

DEMONSTRATION & PLATFORM MANUAL

Interactive Learning Platform for Children & Madrasas

A comprehensive presentation guide showcasing user flows, mobile-first interfaces, Tajweed audio studios, Canvas 2D mini-games, and religious review governance.

✨ SKIMVB Curriculum Aligned

React 19 & TanStack Start

NestJS 11 & PostgreSQL Neon

Surah Al-Fatihah Tajweed Studio

2D Noor Desert Runner Game

Parent Dashboard & Reflections

Prepared for: Institutional Clients, Madrasa Boards & Educators

Technical Stack: TypeScript • React 19 • NestJS • Prisma

Platform Version: 1.0 (Production Architecture Ready)

Publication Date: October 2026

1. Executive Summary & Vision

Noor Journey is a dedicated values-first Islamic educational platform designed specifically for children aged 9–12 (Madrasa Classes 3 to 5). Created to address the modern challenge of digital distractions, Noor Journey pairs joyful, high-fidelity gamification with strict theological and pedagogical integrity aligned with the Samastha Kerala Islam Matha Vidyabhyasa Board (SKIMVB) standards.

Child-Centric Joy

Bite-sized missions (5–7 minutes), vibrant avatars, encouraging sound effects, and zero punitive game mechanics.

Authentic Pedagogy

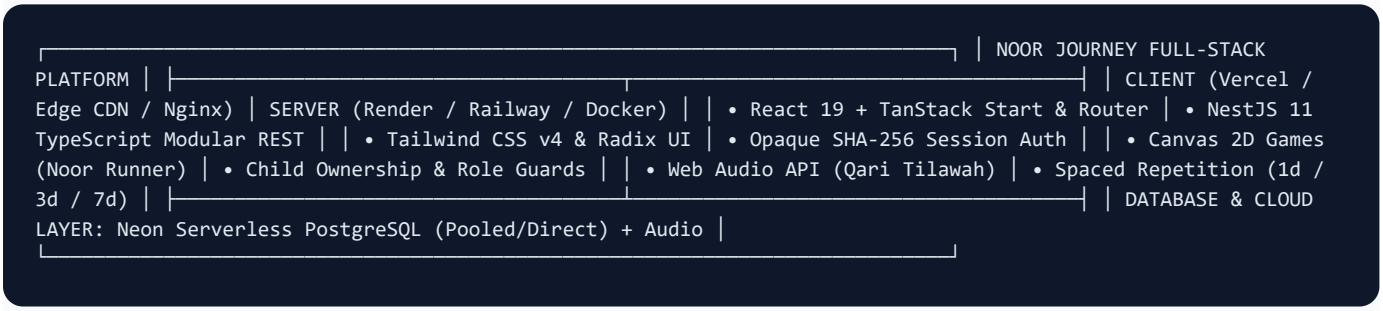

Structured around 5 core Madrasa subjects: Tajweed, Aqeedah, Fiqh, Akhlaq, and Lisanul-Quran with bilingual Malayalam/English support.

Institutional Trust

Four-eyes religious review pipeline, server-authoritative scoring, zero commercial advertisements, and parent-isolated profiles.

2. High-Level Technical Architecture

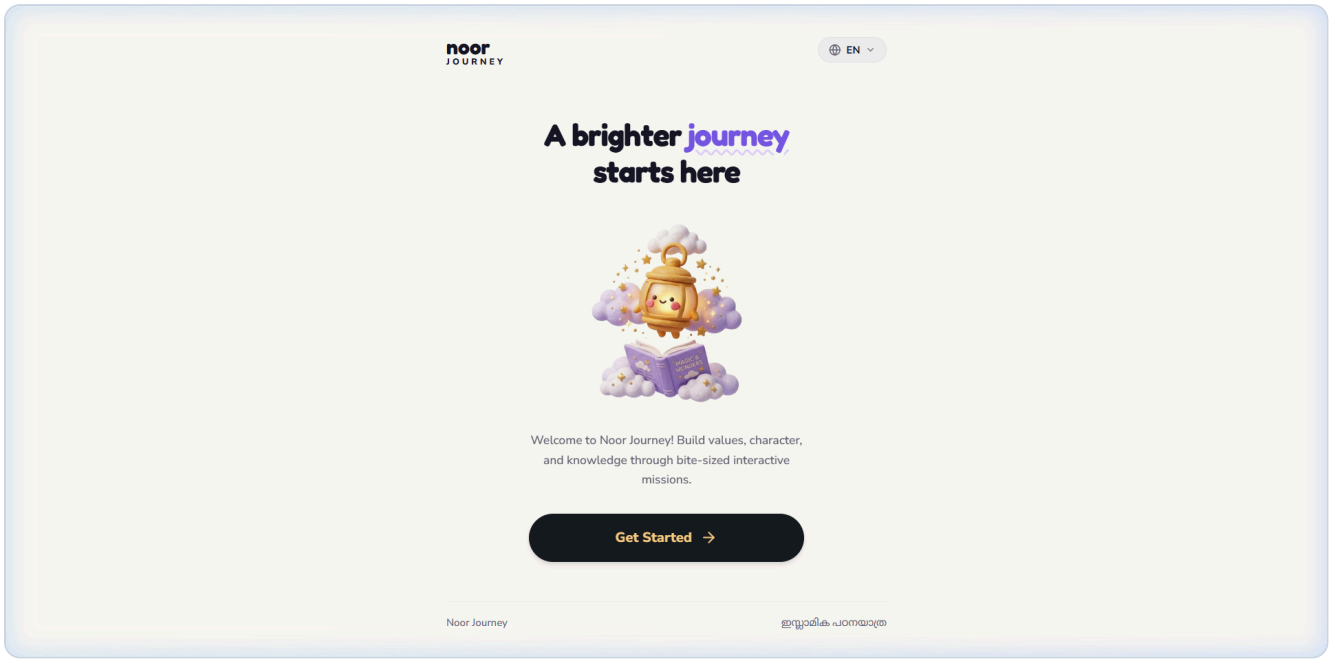

Engineered as a high-performance modern web platform utilizing a robust monorepo structure. Built with full cloud-native capabilities, supporting serverless PostgreSQL pooling and edge frontend distribution.

Document Manual Index

Section 3: Onboarding & Student Dashboard	Screens 1 & 2
Section 4: Madrasa Curriculum & Tajweed Studio	Screens 3, 4 & 5
Section 5: Islamic Games Hub & Noor Desert Runner	Screens 6, 7 & 8
Section 6: Madrasa Leaderboard & Social Growth	Screen 9
Section 7: Parent Portal & Administrator Governance	Screens 10 & 11
Section 8: Curriculum Specifications & Rollout	Summary & Specs

3. Visual Tour: Onboarding & Learning Space

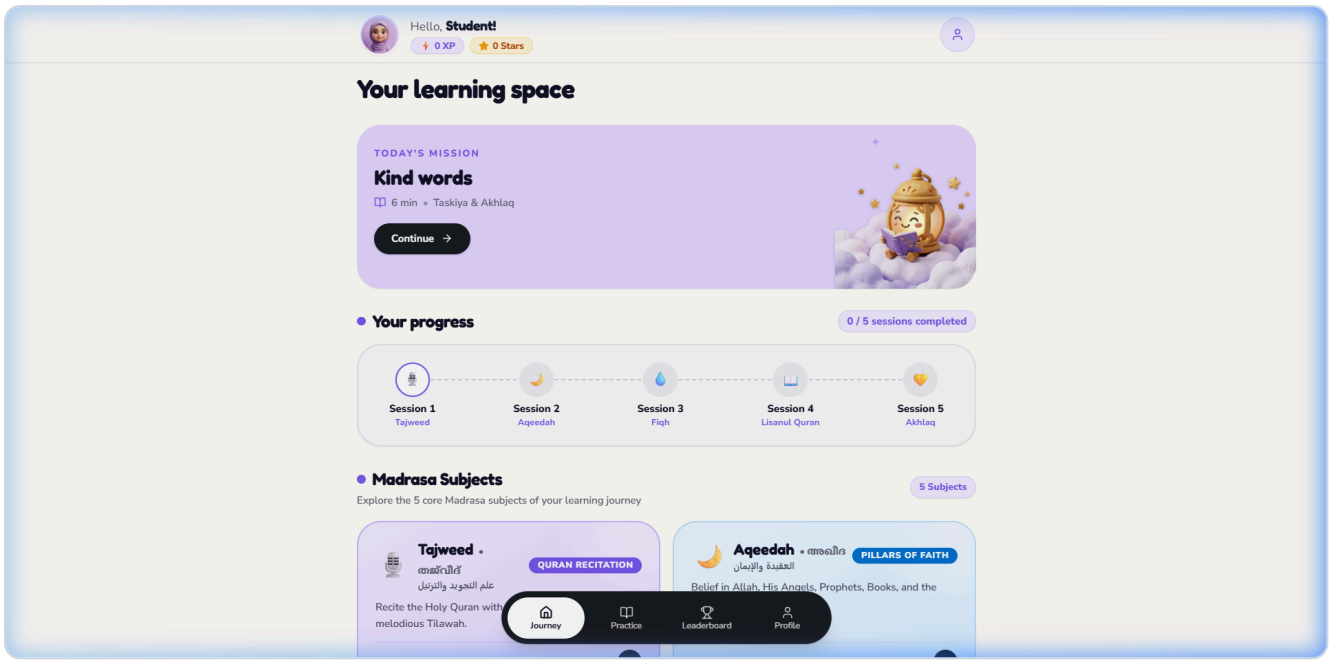

Screen 01: Welcome & Landing Interface

`Route: /`

The welcome portal provides an immediate warm, approachable aesthetic featuring the animated Noor lantern guide. Designed with low cognitive load to welcome students and provide separate entry points for children and parents.

- **Language Switcher:** Instant toggle between Malayalam (മലയാളം) and English at the top right.
- **Streamlined Access:** Single-click student sign-in keeping friction minimal for younger children.
- **Values-First Greeting:** Immediate framing around building character, knowledge, and daily spiritual habits.

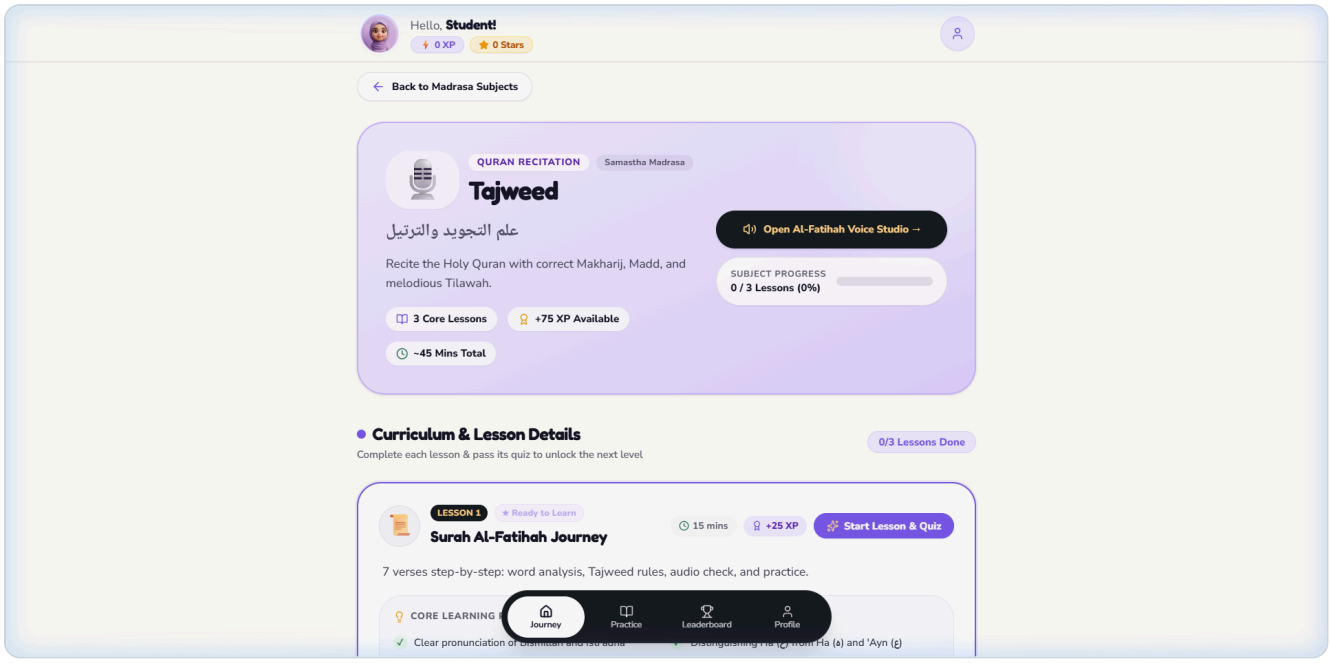

Screen 02: Student Learning Space & Mission Hub

`Route: /journey`

The primary daily hub for students. Surfaces the next priority mission, visualizes weekly session milestones, and introduces the 5 core Madrasa subjects.

- **Today's Mission Card:** Highlights "Kind words" (Taskiya & Akhlaq), estimating 6 minutes of focused learning.
- **Session Progression Node:** Visual 5-session trail tracking completed and upcoming subjects in sequence.
- **Child Header:** Displays student avatar, accumulated XP points, and earned Noor Stars without toxic pressure.

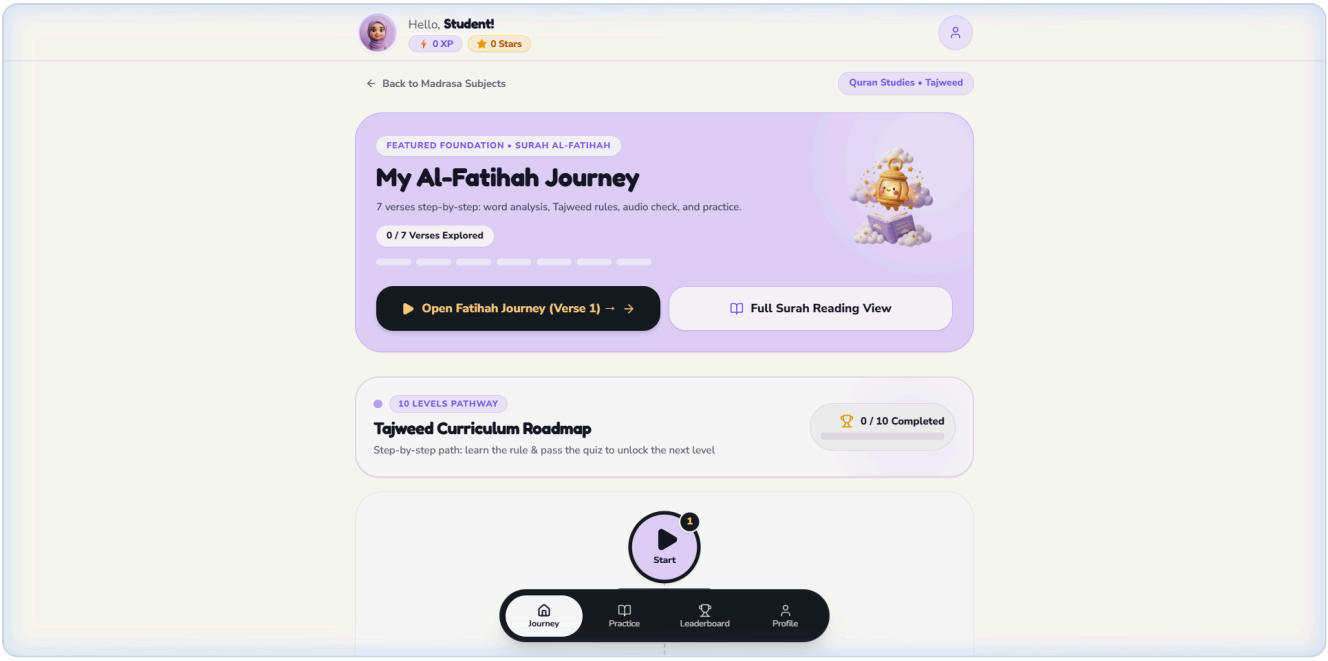

📖 4. Madrasa Curriculum & Tajweed Studio

Screen 03: Madrasa Subject Details (Tajweed & Tilawah) `Route: /curriculum & /subject/tajweed`

Comprehensive subject overview aligned with Samastha Kerala Madrasa curriculum standards. Displays lesson counts, estimated duration, and XP reward incentives.

- **Subject Header:** Features Arabic script (علم التجويد والترتيل) with phonetic guidance.
- **Progress Indicator:** Displays lesson completion percentage (0 / 3 Lessons Done) and total available XP (+75 XP).
- **Curriculum Roadmap:** Direct link into the interactive Al-Fatihah Voice Studio and pronunciation guides.

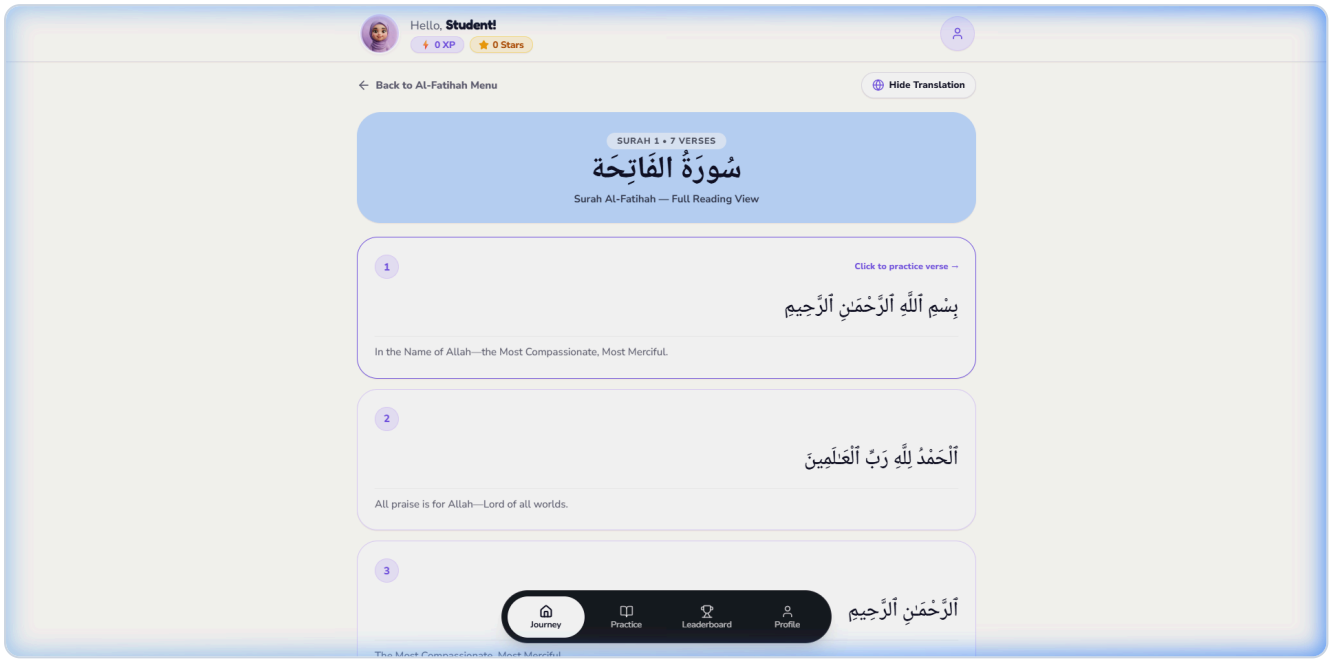

Screen 04: Surah Al-Fatihah Pathway & Tajweed Roadmap

`Route: /tajweed`

Dedicated Tajweed studio guiding learners through verse-by-verse exploration of Surah Al-Fatihah paired with a progressive 10-level mastery pathway.

- **Step-by-Step Verse Missions:** 7 structured missions exploring word analysis, Tajweed rules, and audio checks.
- **Dual Modes:** Learners can embark on the guided verse-by-verse journey or access the Full Surah Reading view.
- **Gamified Progression:** Clear node-based unlock states ensuring fundamental articulation before advanced rules.

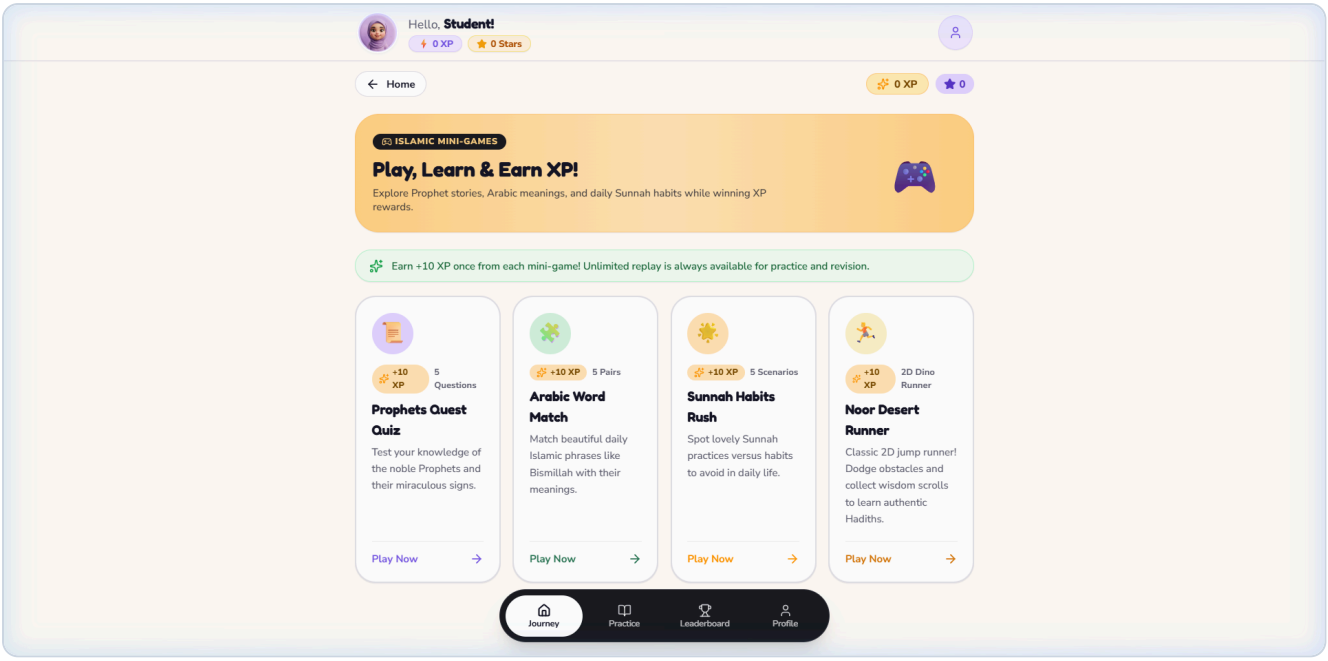

5. Quran Reader & Islamic Mini-Games

Screen 05: Surah Al-Fatihah Full Reading & Verse Practice `Route: /tajweed (Full Reading View)`

Clean, distraction-free Quranic recitation view rendered with authentic Uthmani typography, numbered Ayah cards, and contextual English translations.

- **Interactive Ayah Cards:** Each verse can be clicked to practice individually with audio recitation.
- **Translation Toggle:** Quick-action button to hide or reveal translations for memorization (Hifz) drills.
- **Multiple Qari Audio:** Integrates high-definition audio streams from renowned reciters (Mishary Alafasy, Abdul Basit, etc.).

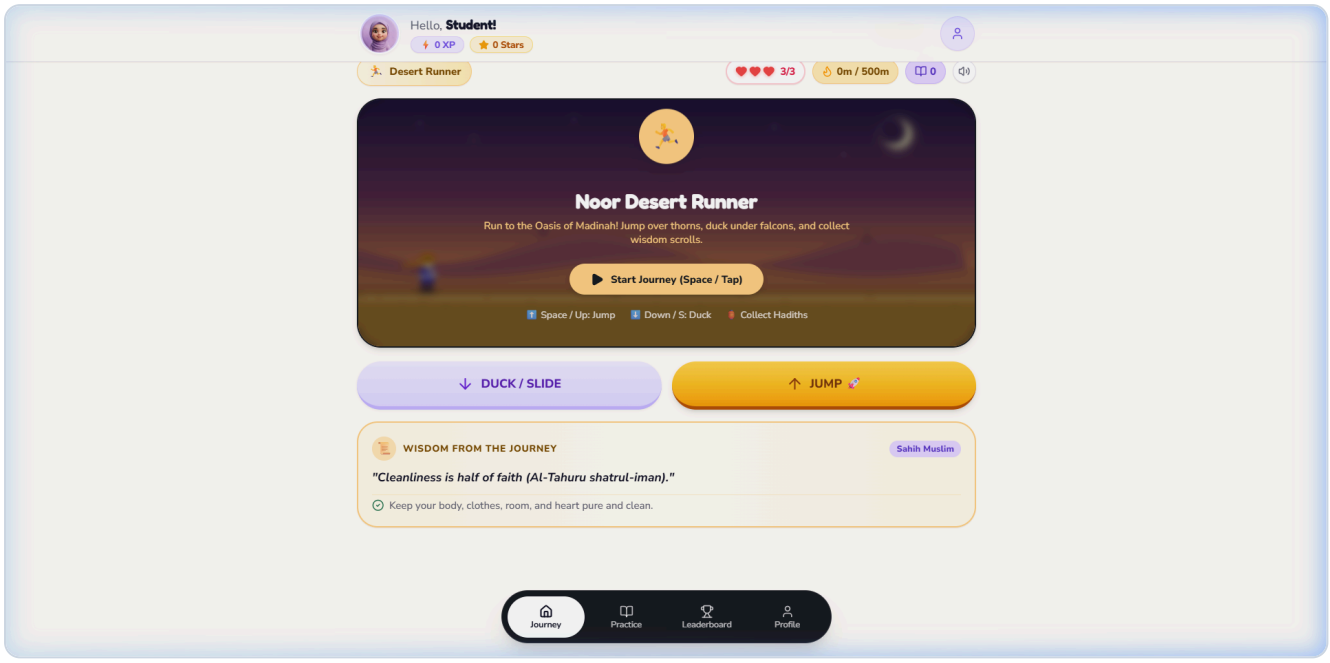

Screen 06: Islamic Mini-Games Hub (Play, Learn & Earn XP)

`Route: /games`

Curated educational game center that rewards revision through enjoyable interactive gameplay without addictive micro-transactions.

- **Prophets Quest Quiz:** 5-question trivia testing knowledge of noble Prophets and divine signs.
- **Arabic Word Match:** Match daily Islamic phrases (e.g. Bismillah, Alhamdulillah) with authentic meanings.
- **Sunnah Habits Rush:** Quick-fire scenario challenge identifying Sunnah practices versus undesirable daily habits.
- **Noor Desert Runner:** Full Canvas 2D action runner teaching Hadith gems while dodging distractions.

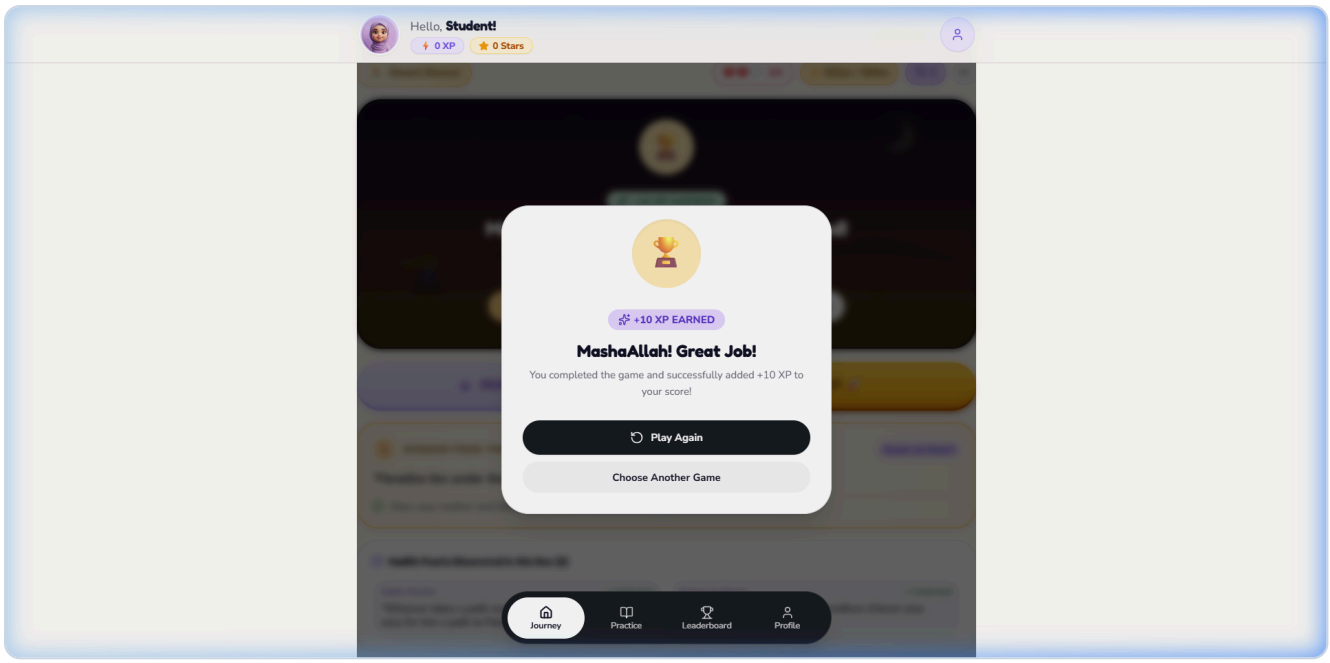

6. Noor Desert Runner: Canvas Game & Rewards

Screen 07: 2D Canvas Game — Noor Desert Runner `Route: /games (Runner Active)`

Proprietary HTML5 Canvas 2D runner game where students run toward the Oasis of Madinah, jumping over obstacles and collecting authentic wisdom scrolls.

- **Smooth Physics Engine:** Support for Jump (Space/Up) and Duck/Slide (Down/S) with on-screen touch buttons for mobile tablets.
- **Educational Wisdom Cards:** Displays verified Hadiths (e.g., *"Cleanliness is half of faith - Sahih Muslim"*) before each run.
- **Health & Distance HUD:** Real-time heart meter (3 lives), distance tracker (500m goal), and audio mute toggle.

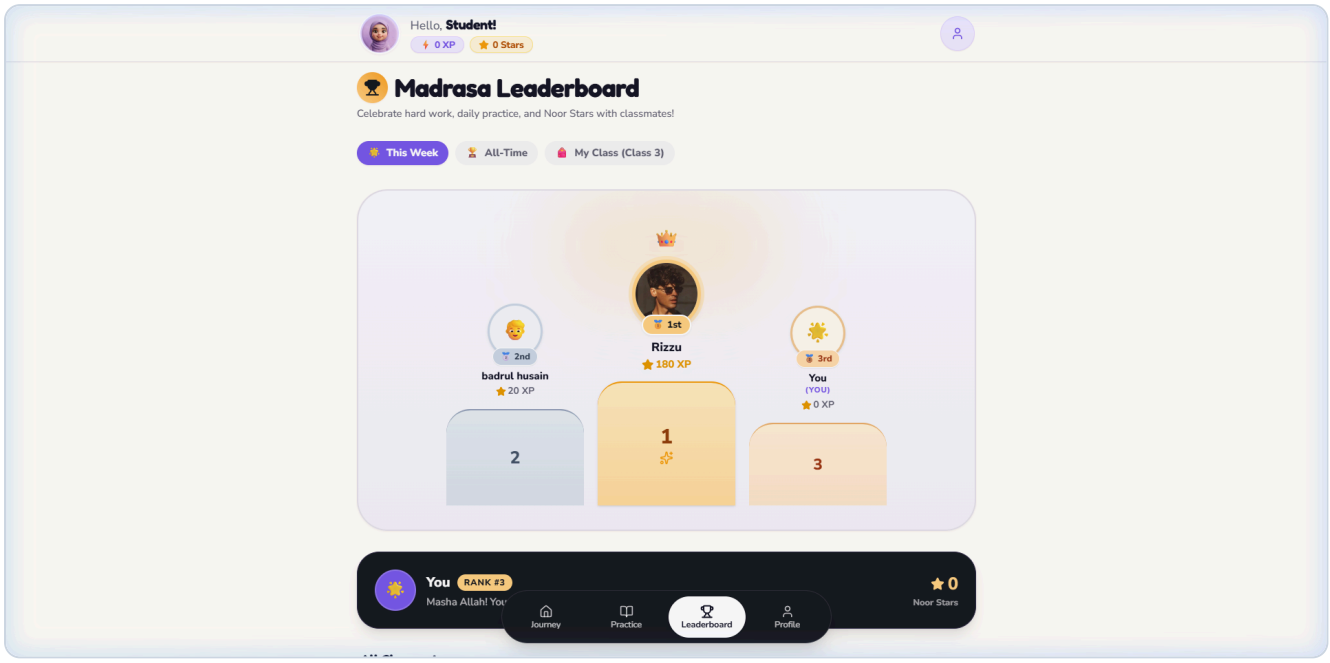

Screen 08: Celebratory Completion & MashaAllah Encouragement

`Route: Modal Dialog (Upon Mission/Game Completion)`

Encouraging feedback dialog celebrating student effort with positive Islamic expressions ("MashaAllah! Great Job!") and deduplicated XP rewards.

- **+10 XP Awarded:** Fair, single-award XP system prevents excessive farming while encouraging joyful replays.
- **Positive Psychology:** Focus on effort, patience, and gratitude rather than harsh failure states.
- **Clear Next Actions:** Immediate choices to "Play Again" for practice or "Choose Another Game" to continue learning.

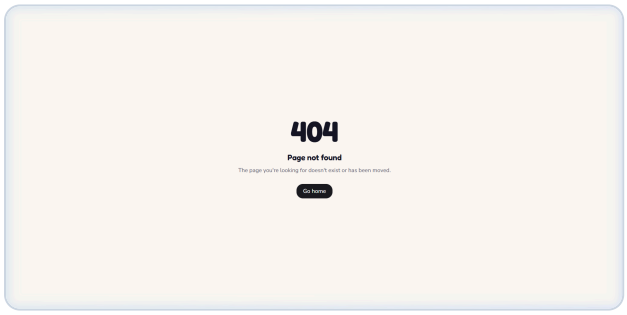

7. Social Cohorts, Parent & Admin Portals

Screen 09: Madrasa Class Leaderboard

`Route: /leaderboard`

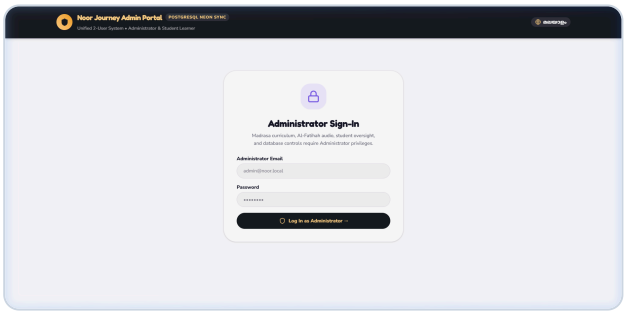

Healthy peer cohort encouragement celebrating study consistency, completed weekly missions, and earned Noor Stars.

Screen 10: Parent Portal Gate

`Route: /parent`

Password/PIN protected adult barrier. Allows parents to review screen time, track mastery, and record family reflection notes.

Screen 11: Editorial & Admin Portal

`Route: /admin`

Four-eyes editorial workflow. Authors draft curriculum; verified religious reviewers approve and publish releases with full audit trails.

📋 8. Curriculum Specifications & Assessment Logic

The platform enforces strict server-authoritative integrity to ensure that learning milestones reflect genuine student comprehension.

Subject Domain	Intended SKIMVB Grade	Core Competencies	Assessment Structure
Tajweed & Quran	Classes 3 – 5	Makharij (articulation), Surah Al-Fatihah, Noon Sakinah & Tanween rules.	Verse audio matching, pronunciation quizzes, 10-level pathway.
Aqeedah (Creed)	Classes 3 – 4	Pillars of Iman, Tawheed, Attributes of Allah, Prophets & Books.	Concept pair matching, scenario discrimination, reflection.
Fiqh (Worship)	Classes 3 – 5	Taharah, Wudu steps, Salah positions & timings, Adhan & Duas.	Interactive sequence ordering, timing checkers, visual puzzles.
Akhlaq (Ethics)	Classes 3 – 5	Kind speech, respecting parents, honesty, patience, community care.	Dilemma choices, family reflection prompts, Sunnah habit runs.
Lisanul-Quran	Classes 4 – 5	Common Quranic vocabulary, basic Arabic syntax, word pairs.	Flash cards, drag-and-drop matching, speed challenges.

Server-Authoritative Checkpoint Threshold (3 / 4 Pass Rule)

Checkpoint assessments deliver questions with private answer keys stripped from the client payload. Passing requires ≥ 3 correct answers out of 4 questions. First-time mastery awards exactly 20 XP in an atomic database transaction, and automatically schedules spaced repetition reviews at 1-day, 3-day, and 7-day intervals.

🚀 9. Institutional Rollout & Deployment Roadmap

☁️ Cloud Architecture (Recommended)

- **Database:** Serverless PostgreSQL on Neon (automated daily backups & branch scaling)
- **Backend:** NestJS 11 container on Render or Railway with health probes
- **Frontend:** React 19 / Vite edge distribution on Vercel with global CDN

🏢 On-Premise / Institutional Docker

- Complete Docker Compose configuration provided (`docker-compose.yml`)
- Internal network isolation between Nginx web server and NestJS API
- Zero dependency on external commercial trackers or ad networks

Client Presentation Sign-Off & Next Steps

This document represents the operational state of the Noor Journey platform as demonstrated. Institutions seeking pilot trials, custom curriculum integrations, or white-label Madrasa deployments may proceed with user registration and administrative account bootstrapping.
